

And just like that, we are coming up to the end of another school year. We would like to say a big thank you to ALL children and staff for working really hard on their Eco targets this year.

EYFS children were focused on biodiversity this year. They have grown plants to encourage more wildlife into the grounds, been pond dipping and have identified lots of different minibeasts.

Year 2 have done lots of work on recycling and litter. They've made fantastic posters for around school, written letters to our cleaners, been on litter picks and loads more.

Year 1 have made bird feeders, planted their own fruit and vegetables and have been proactive at saving energy. They have made posters for forgetful teachers to turn lights and projectors off when they are not needed. We have also harvest our veg!

GREEN FLAG AWARD!

We are really proud to announce that we have achieved our Green Flag Award! All of the children and staff have worked really hard this year to be more eco-friendly and it has really paid off. We will continue our work next year and beyond because there is always more we can do to help save our planet.

#30daywild

We all really enjoyed taking part in The Wildlife Trusts #30daywild in June! We raised £126 for The Wildlife Trusts charity on our wild dress up day, so thank you. We saw lots of amazing Random Acts of Wildness posted on Tapestry, from rock pool hunting and bug hotel making to simply feeling the grass between our toes and wind in our hair!

Miss Saunders, Mrs Beighton and some of our Eco committee with our Green Flag.

Who will be on our Eco Committee next year? Soon we will be asking for volunteers to help us further on our journey!
